

How to use your benefits

Welcome! Your plan combines a robust network with a variety of eyewear options, all at affordable prices. Wondering how to use your benefits? Here's how a few members are putting their benefits to work for them.

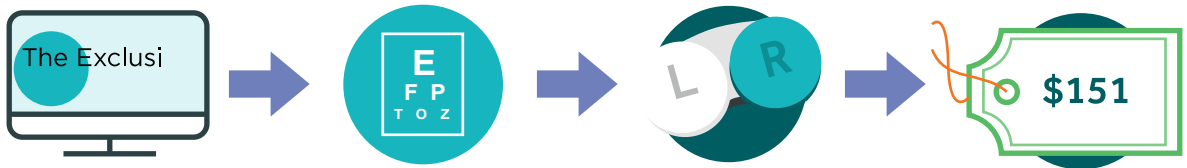

Mark wears contact lenses and needs a new prescription

Using the Davis Vision Exclusive Collection of Contact Lenses

Mark visits bluecrossmn.com/findaneyedoctor to see who offers the Davis Vision Exclusive Collection of contact lenses. He calls an accepting eye care professional and makes an appointment. He received his eye exam through his health plan and will purchase his contact lenses through his Blue Cross Vision plan.

Contact lens fitting	— \$10
Exclusive Collection contacts	— \$0
Extra contacts (4 boxes)	— \$141
Member out-of-pocket	— \$151

Mark chooses contacts from the **Davis Vision Exclusive Collection** and decides to get 4 extra boxes of contacts to stock up. Mark will pay a \$10 copay, plus \$141 for the extra boxes of contacts.

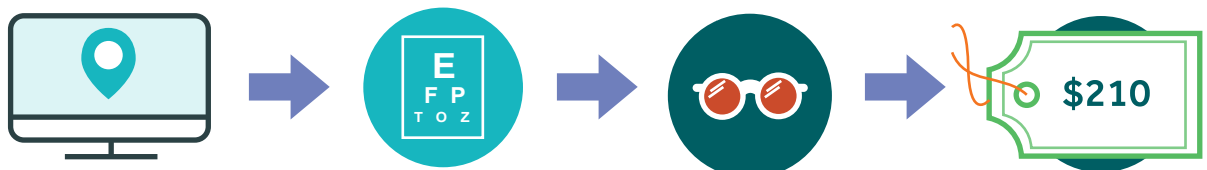

Walter wears glasses and needs a new prescription

Using the retail frame allowance

Walter visits bluecrossmn.com/findaneyedoctor to find an in-network eye care professional near him. He locates one and makes an appointment to get a new pair of glasses. Walter brings his prescription with him from the eye exam that he received through his health plan. He received his eye exam through his health plan.

Frame cost (\$190)	— \$32
Premium progressive	— \$100
Polycarbonate lenses	— \$30
Premium AR coating	— \$48
Member out-of-pocket	— \$210

Walter chooses frames that are **not** in the **Davis Vision Exclusive Collection**, so he uses his \$150 **frame allowance** to defray the cost. His total out-of-pocket costs come to \$210.
