

SUPPORT FOR FAMILIES LIVING WITH AUTISM

The Autism Program is dedicated to getting you and your family the support and treatment you need.

CONNECTING TO SERVICES

For families touched by autism, navigating care can be challenging. As a Blue Cross and Blue Shield of Minnesota member you have access to licensed professionals to support you throughout your child's treatment. Through the Autism Program you'll be supported by a Board-Certified Behavioral Analyst (BCBA) case manager who will be there to:

- Help find available in-network providers
- Coordinate with providers and care systems
- Review treatment plans
- Interpret medical policies and treatment requirements
- Screen for and assess additional family needs
- Serve as ongoing resource as your child grows
- Provide clinical guidance and care-giver support
- Ensure access to high quality, evidence-based applied behavior analysis (ABA) services

Coverage for Autism Services can vary by plan. Call Blue Cross to verify benefits and coverage before beginning a service or working with a new provider.

Visit bluecrossmn.com/autism for more information about the benefits and resources available to you and your child, including:

- Common treatment methods
- How and where treatments are administered
- Coverage information
- Frequently asked questions
- Additional support resources
