

# 2022 BLUE CROSS MEDICAL NETWORKS

Ensuring your provider visit is in your network

Seeing a provider that is in your plan's network is important for keeping medical costs low and getting the most out of your plan's benefits. To help find a doctor, hospital and clinic in your 2022 network, we are sharing some helpful tips.

## NETWORK MATTERS

It is important to check that both the provider and the facility where you will receive care are in your network.

To make sure your doctor and the facility participate in your network follow these steps:

1. Visit [bluecrossmn.com/mdt](https://bluecrossmn.com/mdt) and during open enrollment, do not log in to your personal account so you can search for providers in your 2022 network
2. Click on "Find a Doctor"
3. Next, click on **Network** at the top of the page and choose the network you want to search from the drop-down list (see box at right to determine which network to search)
4. Enter the provider's name and ZIP codes and click "search"
5. Enter the name of the facility (place) and ZIP code and click "search"

### We're here to help

For questions related to your health insurance coverage or help finding a provider and facility in your network, please call your Care Advocate at **1-866-455-8221**, Monday through Friday from 7 a.m. to 8 p.m. Central Time.

- **Florida residents:** Network Blue
- **Georgia residents:** Blue Open Access POS
- **Maryland/District of Columbia residents:** BlueChoice Advantage Open Access
- **New Hampshire residents:** BlueChoice Open Access
- **Wisconsin residents:** Blue Preferred POS
- **If considering Blue High Performance Plan,** choose Blue High Performance Network
- **BlueCard PPO**

Each health care provider is an independent contractor and is not our agent. It is up to the member to confirm provider participation in their network prior to receiving services.
