

# SAVE MONEY ON PRESCRIPTIONS

Medtronic provides benefits and programs that help you stay well and give you control over how you spend your healthcare dollars.

## RX SAVINGS SOLUTIONS

**Rx Savings Solutions** delivers proactive, personalized prescription guidance for the best pharmacy benefit experience — at the lowest cost. You'll receive alerts whenever you are paying too much for your prescription, and when you can find the same treatment for less money.

## RX SAVINGS SOLUTIONS OFFERS:

### Larger selection

Discover every possible clinical therapy and medication option available to treat your condition and compare them to your current prescription.

### Lower prices

Know exactly what a medication costs at every pharmacy, if your Medtronic medical plan covers it, and how much you'll pay out of your own pocket.

### Greater convenience

Notifications tell you when you can save money on your prescription, and you can change to a lower-cost prescription in just a few clicks. No need to call your doctor or pharmacy. You can use the portal to easily keep track of prescriptions for every member of your family.

# GET STARTED

Employees and family members enrolled in a Medtronic medical plan with BCBS, UHC, or Bind can pair Rx Savings Solutions with prescription drug coverage through CVS Caremark. Visit [myrxss.com/medtronic](https://myrxss.com/medtronic) to activate your account and start seeing your available savings.

## HELPFUL RESOURCES

We're committed to offering benefits you need to build a personal support system. Take time to explore the range of offerings that may be ideal for you, then combine them in ways that support your goals — and make your life better.
