

Specialized maintenance therapy for PT/OT/SLP excluded for MHCP members

Due to a legislative change dictated by the Minnesota Department of Human Services effective January 1, 2012, specialized maintenance therapy for physical therapy (PT), occupational therapy (OT) and speech and language pathology (SLP) is no longer a covered benefit for Minnesota Health Care Program (MHCP) members 21 years of age and older. Therefore, specialized maintenance therapy will no longer be covered for MHCP members ages 21 and older who have Blue Advantage (PMAP and MSC+), MinnesotaCare and SecureBlueSM (HMO SNP). This change impacts MHCP members only.

Exclusions

Members enrolled in the following Blue Plus plans are **excluded** from this change:

Product name	Group numbers
Blue Advantage PMAP	PP021, PP022, PP024, PP025, PP026, PP027
MinnesotaCare Expanded Benefit Set (through age 20)	PP111, PP112, PP151, PP152
