Adult Day Service Bath Legislative Changes

Adult Day Service Bath has received federal approval to be provided as an Elderly Waiver (EW) service. Current EW service definitions and provider standards are available on the Minnesota Department of Human Services' website at the MHCP Provider Manual, in the EW and AC section at: dhs.state.mn.us/main/id_056766.

What Changed?

Adult Day Service Bath was added as an EW covered service effective January 1, 2014. It is no longer considered a state plan home care service.

Adult Day Service Bath is available under service code S5100 with modifier TF. Each service code is for 15 minutes and is limited to two units per day. The rate for this service is \$7.05 per unit through March 31, 2014; it increased to \$7.12 on April 1, 2014.

Providers should bill Bridgeview Company for dates of service January 1, 2014, and beyond.

In order to ensure the correct payer source for Adult Day Service Baths, Blue Plus will be recouping payments made to providers directly from Blue Plus for dates of service January 1, 2014, to current.

Note: Care coordinators have been informed of the adult day bath changes and were instructed to add EW service agreements for this service going back to January 1, 2014.
