## Discontinuation of FluStop<sup>SM</sup> program

Blue Cross and Blue Shield of Minnesota (Blue Cross) has made a decision to discontinue the FluStop program effective December 31, 2013. With the abundance of convenient health care options, subscribers have access to numerous alternatives when looking to get a flu vaccine. This change does not affect your participation status with Blue Cross.

Participating providers may continue to work directly with employer groups to administer vaccines to employees in the workplace setting.

### Questions?

If you have questions, please contact provider services at **(651) 662-5200** or toll free at **1-800-262-0820**.
