Dental electronic format for claim submission

In accordance with Minnesota's requirements for the standard electronic exchange of health care administrative transactions (Minnesota statutes, section 62J.536 and related rules) American Dental Association (ADA) claims should be submitted using the ASC X12 /005010X224A2 837D Health Care Claim electronic format. Providers should also utilize the information in the Minnesota Uniform Companion Guides for Health Care Claims Transactions.

Effective today, providers currently mailing ADA paper claims for subscribers who have medical plan dental benefits to Blue Cross and Blue Shield of Minnesota (P.O. Box 64338, St. Paul MN 55164-0338) will need to submit them electronically through the dental clearinghouse Secure EDI.

Secure EDI information

Contact your dental clearinghouse about routing electronic claims through Secure EDI. For more information on submitting claims directly to Secure EDI, access the following website:

Additional information

The information in this Quick Points impacts paper claims only. No routing changes are necessary for dental claims already being submitted electronically to dental plans, such as Delta Dental of Minnesota.
