Provider payment updates

Blue Cross and Blue Shield of Minnesota and Blue Plus want to inform participating providers that an update is being applied to the procedure codes on the next page to correct an issue that sometimes allowed incorrect reimbursement.

Please note that this is not changing the already published fee schedule allowances, however it is ensuring that the correct allowance is adjudicated. No recovery reports will be run as a result of this correction.

Questions

If you have any questions, please contact provider service at **(651) 662-5200** or toll free at **1-800-262-0820**.

Continued on back

Please route this information to other interested staff.
