Blue Cross Is Offering Two New Networks In 2016

Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) is committed to offering a broad range of options for our subscribers and clients. As part of that commitment Blue Cross is adding the following two narrow networks effective January 1, 2016:

➢ **Blue Plus® with St. Luke's** which will be offered to both individual and small group business and features the St. Luke's Network which includes all of St. Luke's Hospitals & Clinics, as well as the following in-network providers and hospitals in northeastern Minnesota:

- Bigfork Valley Hospital
- Burnett Medical Center
- Community Memorial Hospital
- Consulting Radiologists
- Cook County North Shore Hospital
- Cook Hospital
- Cuyuna Regional Medical Center
- Ely Bloomenson Community Hospital
- Fairview Range/Range Regional Health Services
- FirstLight Health System
- Grand Itasca Clinic & Hospital
- Lake View Hospital and Clinic
- Mercy Hospital
- Rainy Lake Medical Center and Clinic

➢ **Blue Plus® with Mayo Clinic** which will be offered to both individual and small group business and features the following in-network providers and hospitals in southeastern Minnesota:

- Mayo Clinic Employee & Community Health
- Mayo Clinic Health System
- Mayo Clinic
- Northfield Hospital & Clinics
- St. Elizabeth's Medical Center & Clinic
- Winneshiek Medical Center
- Winona Health

These new networks will give consumers access to a more affordable option in our network portfolio. We will continue to offer our other network options such as Aware®, Allina Health Network and Sanford Health Network.

Beginning October 15, 2015, additional information on these new networks and our other networks will be available in the "Find a Doctor" tool on the Blue Cross website at **bluecrossmn.com**. We encourage you to direct subscribers to Blue Cross to ensure their providers are in network.
