#### CoverMyMeds prior authorization request service

As a reminder, CoverMyMeds (CMM) is a free service to providers which allows quick and easy submission of PA requests. Experience with CMM by other plans has demonstrated marked reductions in physician office call-backs regarding PA requests, after CMM is implemented. PA requests may also continue to be faxed to their review destination external to the CMM portal, as is the current practice.

You may access CMM at [www.covermymeds.com](http://www.covermymeds.com). Select Help (top right of the web page) to view FAQs and Support tutorials (3-5 minutes), including live online chat support to help you get started. You will need to open a CMM account to submit requests using the portal.
