Case Management (T1016) Billing for Tuberculosis Related Services for Government Programs Subscribers

Effective September 15, 2016, Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) will be implementing a change in the process for submission of Tuberculosis (TB) case management claims.

TB case management claims must be submitted to Blue Cross with the narrative description of TB Case Management along with HCPCS code T1016. This information is submitted in Loop 2400/SV101.

A narrative is needed to identify that the services are for TB case management and not Elderly Waiver (EW) services.

Products impacted:

- SecureBlueSM (HMO SNP)
- Minnesota Senior Care Plus (MSC+)
- Blue Advantage Prepaid Medical Assistance Program (PMAP)
- MinnesotaCare
