Post Hospitalization Additional Benefits for SecureBlue Subscribers

Blue Plus offers Secure BlueSM (HMO SNP), a Minnesota Senior Health Options (MSHO) plan, to persons dually eligible for Medicare and Medicaid.

Additional post hospitalization benefits are available in 2017 to Secure Blue subscribers who reside in the community. A member's care coordinator may arrange for the following services after discharge from a hospital or short term nursing home stay:

- In-home medication reconciliation from a pharmacist
- Up to two home delivered meals per day, for a period not to exceed four weeks

Communication with Providers

If during the course of the medication reconciliation the pharmacist notes a concern, the subscriber's primary care clinic will be contacted to discuss findings. A copy of the final reconciled medication regime will be provided by the pharmacist to the subscriber and their primary care clinic.

Questions?

If you have questions, please contact provider services at **(651) 662-5200** or **1-800-262-0820**.
