### Pre–Authorization Form Revision

The existing pre-authorization/prior approval request form (Form number X18509R04) has been revised and renamed to “Pre-Authorization (PA) Request Form” (New form number X18509R05). The new form will be available on July 21, 2017. Please use the new form for pre-authorization for all services **with the following exceptions:**

- Drug pre-authorization. Drug pre-authorizations may be submitted via one of the methods described in the “Prior Authorization and Formulary Exception Form” located with the drugs forms described in “Where do I find this form and other forms?” below.
- Services, or medical policies, that have specific pre-authorization forms. These specific service forms are located as indicated in “Where do I find this form and other forms?” below. Medical policy specific PA forms, described in a prior Quick Point “Prior Authorization/Pre – Approval Forms Specific to Select Medical Policies” (QP12-17), are not yet available. Future Quick Points will announce the new medical policy specific PA forms as they are launched.

### Where do I find this form and other forms?
