Routes of Administration Pharmacy Benefit Exclusion

Effective April 1, 2018, the following routes of administration will be excluded from the commercial pharmacy benefit coverage as they are more appropriately covered under the medical benefit.

Affected subscribers who recently received a drug with one of these routes of administration under their pharmacy benefit will be notified of the change and directed to contact their providers to discuss appropriate treatment options.

Routes of Administration Exclusion
Combination
Epidural
Hemodialysis
Intra-arterial
Intraperitoneal
Intra-articular
Intrapleural
Intratympanic
Intratracheal
Perfusion

Products Impacted

This notice applies to commercial lines of business.
