## PROVIDER INFORMATION

### EviCore Webinar Orientation Sessions

As part of Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) efforts to provide its members with access to high-quality, cost-effective care, Blue Cross has selected eviCore healthcare to provide a specialty utilization management program for the following services: Radiology, Cardiology, Musculoskeletal (Pain/Joint/Spine), Medical Oncology, Radiation Therapy, Molecular Lab, and Sleep Management. The program will take effect July 23, 2018 for dates of service beginning August 1, 2018.

In the coming weeks, eviCore healthcare will be leading orientation sessions designed to assist you and your staff with the new programs. You will be able to attend the web orientation session that works best for you and your schedule.

During these sessions, details will be discussed about the prior authorization (PA) requirements for Blue Cross members and how to navigate the eviCore website and provider portal. Topics to be discussed include the new PA process, accessing information from the website, and a review of provider resources. Time and participation permitting, this orientation session will be followed by a question-and-answer session. We encourage you to attend these informative sessions to ensure your understanding of the new PA process for the services indicated.
