To submit a Prior Authorization (PA) Request to eviCore

Providers should submit eviCore PA requests via our free [Availity](#) provider portal. Instructions on how to utilize this portal are found on the Availity website.

Providers need to reference the eviCore clinical guideline criteria, submit prior authorization request via Availity,

and submit all applicable clinical documentation with the PA request. Failure to submit required information may result in review delays or denial of the request due to insufficient information.

Note: An approved PA does not guarantee coverage under a member's benefit plan. Member benefit plans vary in coverage and some plans may not provide coverage for certain services discussed in the medical policies.
