### eviCore Healthcare Specialty Utilization Management (UM) Program – Medical Oncology Drug Prior Authorization Updates

The eviCore Healthcare Utilization Management Program will be making the following updates to the Medical Oncology Current Procedural Terminology (CPT) Prior Authorization (PA) Code List.

The following drugs have been added to the Medical Oncology program and will require prior authorization for oncologic reasons **beginning June 1, 2022**.

Drug	Code(s)
cyclophosphamide / Cyclophosphamide (AuroMedics)	J9071
filgrastim-ayow / Releuko	C9399, J3490, J3590, J9999
lanreotide	C9399, J3490, J3590, J9999

The following drugs are awaiting regulatory approval. When approved, the drugs will automatically be added to the PA list for oncologic reasons effective immediately. CPT codes will be assigned closer to the approval date.

Drug
EG12014 (Herceptin biosimilar)
TX05 (Herceptin biosimilar)
filgrastim kashiv (Neupogen biosimilar)
Grastofil (Neupogen biosimilar)
relatimab
sintilimab / Tyvyt
toripalimab / Tuoyi

Prior authorization requests will be reviewed based on eviCore clinical guideline criteria. Providers can view the list of CPT codes that require prior authorizations, eviCore clinical guidelines, and other provider resources on the eviCore Implementation Resources website.

#### To view CPT Code lists:

- Access the ‘Provider Section’ of the Blue Cross website at [providers.bluecrossmn.com](http://providers.bluecrossmn.com)

## Products Impacted

This change only applies to:

- Individual subscribers
- Fully insured commercial subscribers
- Self-insured commercial subscribers (Select Groups)
- Medicare Advantage subscribers

## Prior Authorization Look Up Tool

Providers should use the Prior Authorization Look Up Tool on the Availity Provider Portal to quickly determine if an authorization is required. By entering Member Group Number, Date of Service and Procedure Code, the tool will indicate whether an Authorization is required. If an Authorization is not required, the tool will allow the user to print the results for their records. If an Authorization is required, the user will move directly into the next field in Authorization application to complete the request.

This feature is accessible for lines of business managed by Blue Cross and will advise providers if Blue Cross or eviCore will review the request.

## To access the Prior Authorization Look Up Tool:

1. Log in at **Availity.com/Essentials**
2. Select **Patient Registration**, choose **Authorization & Referrals**, then **Authorizations**
3. Select Payer **BCBSMN**, your Organization, Transaction Type **Outpatient** and you will be redirected to the Authorization Look Up Tool application

## To submit a Prior Authorization (PA) Request to eviCore

Providers submit eviCore PA request via the free [Availity](#) provider portal. There is no cost to the provider for using the portal.

Instructions on how to utilize this portal are found on the Availity website. Providers should reference the eviCore clinical guideline criteria, submit prior authorization requests via Availity, and submit all applicable clinical documentation with the PA request. Failure to submit required information may result in review delays or denial of the request due to insufficient information.

Note: An approved PA does not guarantee coverage under a subscriber’s benefit plan. Subscriber benefit plans vary in coverage and some plans may not provide coverage for certain services discussed in the medical policies.

**If a provider does not obtain a required prior authorization before rendering services, Blue Cross will deny claims as provider liability for lack of prior authorization.**
