This plan provides vision coverage only. Your vision plan's benefit booklet will contain more details on standard plan exclusions and frequency limitations. In the event of a discrepancy, the benefit booklet will supersede this summary. Davis Vision is an independent company providing vision benefit management services and access to their network.

Each provider in the network is an independent contractor and is not our agent. If you receive services from a nonparticipating provider, you will be responsible for the difference between what Blue Cross will reimburse and what the provider bills.
