Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) will be expanding utilization management requirements, including prior authorization (PA) requirements.

As stewards of healthcare expenditures for our subscribers, we are charged with ensuring they receive the highest quality, evidence-based care. This is accomplished through expanded development of medical policies and through management of these policies to include the PA process. Submitting a PA Request when Applicable

- **Providers may submit PA requests for any treatment in the above *table starting September 25, 2023.**
- Providers must check applicable Blue Cross policy and **attach all required clinical documentation** with the PA request. PA requests will be reviewed when patient-specific, relevant medical documentation has been submitted supporting the medical necessity of the service. Failure to submit required information may result in review delays or a denial of the request due to insufficient information to support medical necessity. If a provider does not obtain the required PA before rendering services, Blue Cross will deny claims as provider liability for lack of prior authorization.

- PA approval will be based on the Blue Cross policy criteria. To review Blue Cross criteria:
 - Go to [bluecrossmn.com/providers/medical-management](https://www.bluecrossmn.com/providers/medical-management)
 - Select “See Medical and Behavioral Health Policies” then click “Search Medical and Behavioral Health Policies” to access policy criteria.
- Current and future PA requirements and related clinical coverage criteria can be found using the *Is Authorization Required* tool in the Availity Essentials® portal or at [bluecrossmn.com/providers/medical-management](https://www.bluecrossmn.com/providers/medical-management) prior to submitting a PA request.
- Prior authorization lists are also updated to reflect additional PA requirements on the effective date of the management change and includes applicable codes.
