

SAVE MONEY ON HIGH-COST MEDICINE

FlexAccess™ Standard

Managing long-term health conditions often comes with high-cost prescriptions. FlexAccess can help you lower your out-of-pocket costs by finding the best copay assistance discounts for you, which can make your drugs cheaper.

MORE THAN A COUPON

In addition to lowering the amount you pay at the pharmacy — copays are usually between \$0 and \$35 — FlexAccess also:

- **Offers more options** – You may have more pharmacies to choose from*
- **Applies to spending totals** – What you pay for your purchases — not including amounts applied by coupon — will count toward your deductible and out-of-pocket maximum

FlexAccess will connect you with the appropriate manufacturer coupon for your drug but you have to sign up to get the savings. If you do not register, you will be responsible for your copay without assistance.

*Pharmacy options dependent upon plan benefit design.
