

# PROVIDER QUICK POINTS

## PROVIDER INFORMATION

January 24, 2024

### Full-Service Product Expansion

***A revised version of this Provider Quick Point (QP6R1-24) was published on February 14, 2024, which includes the client names in addition to the prefixes.***

As introduced via Provider Bulletin P52-21 dated September 1, 2021, Blue Cross and Blue Shield of Minnesota entered into an agreement with Blue Cross and Blue Shield of Alabama for a new product which allows us to deliver a flexible solution to self-insured groups that have unique network and benefit requirements.

Three new clients have chosen this product for 2024. The three-digit alpha prefix for these clients are LPL, LWX, LKX, LMX, LFK, G4R, G4S, G4U, G4Q, G4L, and SHD.

For members accessing contracted Minnesota and bordering county providers, claims should be submitted to Minnesota as a BlueCard claim. Minnesota will price the claims based on the Minnesota provider agreement and will send claims to Blue Cross and Blue Shield of Alabama to apply the benefits.

For members accessing providers outside Minnesota, claims should be submitted to the local Blue Plan as a BlueCard claim. The local plan will price the claims based on the provider agreement and will send claims to Blue Cross and Blue Shield of Alabama to apply the benefits.

Always refer to the phone numbers listed on the back of the members ID card for appropriate support.

When submitting a prior authorization request, providers must include the three-digit prefix when checking benefits, eligibility, and authorization requirements in order to be routed to the correct application.
