### Mileage Reimbursement for Transportation Providers

Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) will be following Minn. Stat. § 256B.0625, subd. 17, subd. 17a and subd. 18h which may potentially require a quarterly fuel adjustment for transportation providers. The Minnesota Department of Human Services (DHS) will identify rate adjustments based on the price of gasoline as posted publicly by the US Energy Information Administration when the price per gallon exceeds \$3.00.

Blue Cross will update the fee schedules based on quarterly communication from DHS identifying the % increase or decrease. Providers can obtain a copy of their fee schedule by emailing [fee\\_schedule\\_allowance\\_request@bluecrossmn.com](mailto:fee_schedule_allowance_request@bluecrossmn.com)

Providers should adjust their mileage charge amount, as necessary, as reimbursement will not exceed the submitted charge.
