Prior Authorization Look Up Tool
Providers should use the Prior Authorization Look Up Tool on Availity.com/Essentials to quickly determine if an authorization is required. By entering Member Group Number, Date of Service and Procedure Code, the tool will indicate whether an Authorization is required. If an Authorization is not required, the tool will allow the user to print the results for their records. If an Authorization is required, the user will move directly into the next field in Authorization application to complete the request.

To access the Prior Authorization Look Up Tool:
1. Log in at Availity.com/Essentials
2. Select Patient Registration, choose Authorization & Referrals, then Authorizations
3. Select Payer BCBSMN, your Organization, Transaction Type Outpatient and you will be redirected to the Authorization Look Up Tool application.

To submit a Prior Authorization (PA) Request to Prime/MRx
Providers submit Prime/MagellanRx requests at Availity.com/Essentials. There is no cost to the provider.

Instructions on how to utilize this portal are found at Availity.com/Essentials. Providers should reference the Prime/MRx Medical Policies, submit prior authorization requests and submit all applicable clinical documentation with the PA request. Failure to submit required information may result in review delays or denial of the request due to insufficient information.

Note: An approved PA does not guarantee coverage under a subscriber's benefit plan. Subscriber benefit plans vary in coverage and some plans may not provide coverage for certain services discussed in the medical policies.

If a provider does not obtain a required prior authorization before rendering services, Blue Cross will deny claims as provider liability for lack of prior authorization.

Questions?
If you have questions and would like to speak to a Prime/MRx representative call 800-424-1706, 8:00 a.m. to 8:00 p.m. CST, Monday – Friday.
